## Who We Are

Dementia Carers Count supports friends and family members taking care of someone living with dementia: by providing free courses led by experienced healthcare professionals.

We offer dementia carers the opportunity to learn about the different types of dementia and how they affect the brain as well as helping them develop their resilience, cope with stress and build confidence.

Donations help support dementia carers to attend our free courses which provide a safe space for those taking care of someone with dementia to learn, connect and receive practical support to feel empowered in their caring role.

## Jill's Story

When Jill's husband was diagnosed with early-onset dementia, she found it isolating as she gave up her job to care for him.

After attending one of DCC's courses she felt equipped with practical knowledge of dementia as well as where to find help as a carer. She says *'On the course you learn how to care – how to actually be a carer. Up to then I was doing the very best that I could, but the course has taught me so much about dementia – now I can be better'*.

When you donate to Dementia Carers Count you're helping support carers like Jill to be resilient and have confidence in their ability to care for a loved one.

## Where Your Money Goes

All of our courses are free of charge for those that need our support – but to make sure we can continue to offer this, we rely on the generosity of others. Here's some of the ways your donation can make a difference.

£5

Can help pay for a coffee break for a dementia carer on one of our courses.

£15

Can help pay for a dementia carer's lunch.

£50

Can help pay towards materials and handouts we use on our courses, so dementia carers have the resources they need to help them stay resilient, weeks and months after they have attended our course.

£125

Can help pay for a dementia carer to attend one of our one-day courses. Our one-day courses offer an in-depth approach to topics affecting carers of people with dementia such as communication and relationships.

£650

Can help pay for a dementia carer to attend one of our three-day courses. On a three-day course, carers can have respite and the immersive experience enables them to make lasting support networks with other carers.
